OS9M anthracite · matt

OS9L anthracite · rough polished

OS9R anthracite · relief

CROSSOVER highlights the visual quality of volcanic rock and offers all the practical advantages of modern ceramics. This wall and floor concept in beige, grey and anthracite is versatile and functional and can be used for

practically all applications. The surfaces are matt, rough-polished or relief with various slip-resistance qualities up to class R11.

Wall tiles: CROSSOVER grey | Floor tiles: CROSSOVER anthracite
